

KIWALITE

High Intensity Prismatic Grade #55000 series

The High Intensity Prismatic Grade #55000 series is prismatic reflective sheeting that offers the same or higher reflectivity as conventional encapsulated reflective sheeting.

■ Details

This product is used for regulation signage, warning signage, and visual markers on main roads. A variety of different finishes can be achieved by layering different colored reflective sheeting or combining with printed or transparent colored film resulting in superb signage. The back surface is treated with pressure-sensitive adhesive, making it easy to apply to aluminum substrate, etc.

■ Application

Billboards, safety applications, signage, construction materials

■ Product size

1230mm × 45.7m

■ Color

White #55013	Yellow #55043	Orange #55053	Red #55063	Green #55073	Blue #55083

Fluorescent yellow #55033	Fluorescent orange #55153

Please note that accurate display may not be possible depending on the environment, and that it may not be possible to print some items or colors.
