

# KIWALITE

## Soft High Intensity Grade #62000 series

The Soft High Intensity Grade #62000 series is a highly flexible, high-intensity reflective sheeting that can be applied to flat surfaces, three-dimensional curved surfaces, and slim pillars, etc.

### ■ Details

Because this is high-intensity reflective sheeting, it offers superb visibility for use as a nighttime safety measure. The back surface is treated with pressure-sensitive adhesive, making it easy to apply to aluminum substrate, etc.

■ Application                      Automobiles, safety applications, construction materials

■ Product size                      1240mm × 45.7m

### ■ Color

White #62013	Yellow #62043
